

My Butterflyway Garden

How many native plants do you have in your garden?

List some of the plants that you have. You can use the references listed under Resources in this booklet for names. Include the botanical (scientific) name if possible.

Take a photo of your list on this page and we would love to have a few photos of your garden that we could share too! Send the info to avadirectors@gmail.com. Thank you for helping us to build the Alton Village Butterflyway!

Keep it natural

Avoid pesticides,
mulch less,
mow less

3

4

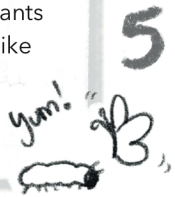

Bunch planting

Create floral
bullseyes—
plant a few of each
species together

Be a good host

Find out what plants
caterpillars eat, like
nettles, willows,
and milkweeds
