Resources

You will find links to all of the information and resources listed in this booklet and more on our website AltonVillageAssociation.com

The following guides will help you to determine the best native plants for a Butterflyway habitat garden within the Greater Toronto Area and the Credit River Watershed.

- Native Plants for Pollinators, Credit Valley Conservation cvc.ca
- Attract Butterflies with Native Plants – Eastern Canada, David Suzuki Foundation davidsuzuki.org
- The Best Native Plants for Toronto Gardens, David Suzuki Foundation Butterflyway davidsuzuki.org
- Garden for Wildlife, Keystone Native Plants - Ecoregion 8, National Wildlife Federation nwf.org

"It is that range of biodiversity that we must care for - the whole thing - rather than just one or two stars. ~ David Attenborough
